The Hawker 400 XP is a luxurious light jet, designed to create a sense of space and comfort during short trips or medium-range business flights.

It is one of the fastest and most reliable jets in its category and its baggage compartment can hold up to 5 suitcases.

The Hawker 400 XP's spacious cabin is larger than many of its competitors. It can be designed in a variety of ways, but our Hawker 400 XP is capable of accommodating up to 7 passengers, who will enjoy an ultra-quiet cabin atmosphere, elegantly designed with fine leather seating and exquisite wood finishes.
